IBM 5110/5120 Computing Systems Bibliography

Second Edition (September 1980)

This is a major revision of and obsoletes GH30-0232-0. Because the additions of the 5120 Computer System manuals are extensive, this manual should be reviewed in its entirety.

Changes are periodically made to the information herein; any such changes will be reported in subsequent revisions or Technical Newsletters. Use this publication only for the purpose stated in the Preface.

It is possible that this material may contain reference to, or information about, IBM products (machines and programs), programming, or services that are not announced in your country. Such references or information must be construed to mean that IBM intends to announce such IBM products, programming, or services in your country.

Publications are not stocked at the address given below. Requests for IBM publications should be made to your IBM representative or to the IBM branch office serving your locality.

This publication could contain technical inaccuracies or typographical errors.

The reader's comment form at the back of this publication may be used to make comments about this publication. If the form has been removed, address your comments to IBM Corporation, General Systems Division, Technical Publications, Department 796, P.O. Box 2150, Atlanta, Georgia 30055. IBM may use and distribute any of the information you supply in any way it believes appropriate without incurring any obligation whatever. You may, of course, continue to use the information you supply.

Preface

This bibliography is for use by all who plan for, install, program, or operate the IBM 5110/5120 Computing Systems. Technical and promotional publications that support IBM 5110/5120 Computing Systems machine components, system programming, application programming are described and other supplemental information, i.e., forms, program listings, etc. are also included.

Organization

This system bibliography has three parts. In Part 1 the publications are listed within subject code in order number sequence*. Part 2 contains abstracts, in order number sequence, describing the items listed in Part 1. Part 3 lists, in order number sequence, all publications titles and their subject codes.

Subject Identification and Filing

The file number (e.g., S5110-15 or S5120-15) appearing on some publications listed in this bibliography identifies the system in the prefix (S5110 or S5120) and the subject code in the suffix (i.e., 15 Physical Planning).

Subject Code

The subject code is a two-digit number standing for a subject, such as 23 for **Basic** or 15 for physical planning manuals and templates.

File numbers with "system" codes 00 through 40 are printed on publications, as an aid in filing manuals in a library which is organized by system and subject. Codes 00 through 40, moreover, are used in subscribing to the System Library Subscription Service (SLSS).

Codes above 40 don't normally appear on publications and are not used for SLSS, but are assigned as a simple way of classifying other items in bibliographies.

Part 1

In Part 1, the subject-code listing, each publication has only one code. Items within the cluster for each code are in order number sequence.

**Order numbers sequence by second character. The first character (G, S, or L) is the use key. (See "Identification of Availability.")*

Part 2

Before ordering copies of publications, check their abstracts in Part 2 to be sure that your installation will require them. Abstracts are listed in order number sequence.* Part 2 normally gives you, beneath the abstract, the publication size (if other than 8½ x 11") and date of publication.

Part 3

Part 3 enables you to find any order number easily to see whether a number is included in the bibliography or what subject code is assigned to it.

Order Number

The publication order number identifies various facts about a publication, including:

Identification of Availability

The first character of the order number is the use key, which governs the availability of the document. Use key G means that the item is available to customers, through the IBM representative, without charge for quantities that meet normal requirements. Use key S means that the item is for sale through IBM branch offices. Use key L means that the item is available only to licensees for the IBM Program Product or other licensed program.

Logic Manuals

Publications that explain program logic have a "Y" as the second character of the order number; e.g., SY21-1234. Such manuals are intended for use by persons involved in program support or alteration of the program design; they are not required for normal use or operation of the program, and are available by order number only.

Bill of Forms

An order number in the form of GBOF-1234 is a Bill Of Forms—a single order number for a package of separately available documents.

Bibliography Revisions and Updating

Between revisions, Technical Newsletters may be issued to update the bibliography. Each includes pages to be added or replaced to reflect the addition, change, or deletion of publications. At regular intervals, the bibliography is revised to incorporate and merge all new information with that in the previous edition.

Contents

Subject Code Definitions-Numerical and Alphabetical Indexes	vi
Part 1. Publications in Order Number	
Sequence within Subject Code	1-1
Machines (00-15)	1-1
Programming-General (20-40)	1-1
Application Programs (60-83)	1-2
Consultants	1-2
Distribution	1-2
Insurance	1-2
Manufacturing	1-3
Health	1-3
Public Utilities	1-3
Transportation	1-3
Cross-Industry	1-3
Other Supplementary Information (85-99)	1-6
Data Processing—Introductory Manuals	1-6
Education—Machines, Programming Systems	1-6
Installation Forms and Supplies	1-6
Part 2. Abstracts	2-1
Part 3. Publications In Order Number Sequence with Titles and Subject Codes	3-1

Subject Code Definitions – Numerical Index

- 00 General System Information (basic System Summary, Bibliography, all Configurators)
- 01 Machine System (CPU, Models, Channels Console)
- 02 Card Readers and/or Punches, Control Units
- 03 Printers, Control Units
- 04 OCR, MICR (Optical/Magnetic Character Readers), Control Units
- 05 Magnetic Tape Units, Control Units
- 06 Display Equipment
- 07 DASD (Direct Access Storage Devices), Control Units
- 08 Other Devices, Control Units
- 09 Communications Devices
- 10 Auxiliary Equipment (devices normally offline)
- 13 Special Features Information
- 14 Custom Features and Supporting Programs
- 15 Physical Planning Information
- 20 Programming Systems
- 21 Assembler
- 22 APL
- 23 BASIC
- 24 COBOL
- 25 FORTRAN
- 26 ALGOL
- 28 RPG, RPG II
- 29 PL/I
- 30 Access Methods, Data Management, Storage/Communications Control Programs
- 31 Support Programs (e.g., Link Edit, Loader)
- 32 Utilities
- 33 Sort/Merge
- 34 System Planning, Generation, Installation, SMF Storage or Performance Estimates, Release Guides
- 35 Emulation, Simulation (catalogued by host system)
- 36 Control Program (e.g., Supervisor, JCL, IPL, Job Management, Data-Areas, Checkpoint/Restart)
- 37 RAS (Reliability, Availability Serviceability): Testing, Service Aids, Problem Determination

Subject Code Definitions – Numerical Index

- 38 Remote Job Entry (RJE, CRJE, RAX, CRBE...)
- 39 Time Sharing, Interactive Facilities
- 40 System Operation (e.g., messages & codes)
- 50 DB/DC (CICS, IMS, GIS, DL/1...)
- 60 Industries General (industry bibliographies etc.)
- Airlines (see Transportation)
- 62 Consultants
- 63 Distribution (e.g., apparel, food, agribusiness, hotels)
- 64 Education, Libraries
- 65 Engineering
- 67 Finance, Securities, Real Estate
- 69 Government, Federal
- 70 Government, State and Local
- 71 Insurance
- 72 Manufacturing
- 73 Media
- 74 Health
- 75 Process (e.g., forest products, petroleum, paint, textiles)
- 76 Public Utilities
- Securities (see Finance)
- 78 Transportation
- 79 Cross-Industry (see also 81-83 for selections)
-
- 81 Cross Industry—Management, Planning Project Control
- 82 Cross-Industry—Mathematics and Science
- 83 Cross-Industry—Simulation
- 85 Data Processing—Introductory Manuals and Texts
- 87 Education—Machines, Programming Systems (Student Texts and Materials, Self-Study Courses, Education Guides, Course Catalogs, etc.)*
- 89 Installation Forms and Supplies
- 95 EWS (Early Warning System)
- 97 PTF (Program Temporary Fix) Listings
- 99 SCP and Type 1 Program Listings

**Note:* See respective Industries for Application Programs Education publications (60-83)

Part 2. Abstracts

GA21-9182 IBM Diskette General Information Manual

This manual provides information about handling, shipping, and storing all IBM diskettes, and detailed information about cylinder formats for IBM diskettes used for data exchange. The manual would be of interest to people being introduced to the diskette media for the first time. The manual is co-requisite to the 3540, 3741/42/47, 3600, 3890/91 manuals.

GA21-9300 IBM 5110 General Information and Physical Planning Manual

This manual is intended for supervisory personnel with little experience using a 5110 computer. It describes the 5110 physical and operating characteristics, system configurations, services available, and physical planning information for installation.
Manual, 11/77

SA21-9301 IBM 5110 APL Introduction

This manual describes the mechanics of using APL with the 5110 computer. It is intended to provide the user with the information necessary to operate the system using the APL language.
Manual, 12/77

SA21-9302 IBM 5110 APL User's Guide

This manual is intended for users of the 5110 computer with APL. It describes the concepts of using the 5110 with APL.

Prerequisite Publication:
IBM 5110 Introduction,
SA21-9301.

Related Publication:
IBM 5110 APL Reference
Manual, SA21-9303.
Manual, 10/77

SA21-9303 IBM 5110 APL Reference Manual

This manual is intended for users of the 5110 computer with APL. It describes the use of the 5110, the APL language, and the 5103 printer.

Prerequisite Publications:
IBM 5110 APL Introduction,
SA21-9301.
IBM 5110 APL User's Guide,
SA21-9302.
Manual, 1/78

SA21-9305 IBM 5110 Print Plot/APL User's Manual, 5721-DC4

This manual is intended for users of the IBM Print Plot/APL Problem Solver Library. It describes the mechanics of using the Print Plot/APL Problem Solver Library with the APL language. The user must know how to operate the 5110 and be familiar with the APL language.
Manual, 10/77

SA21-9306 IBM 5110 BASIC Introduction

This manual is intended for the users of the 5110 computer with the BASIC language. It describes the operation of the 5110 and introduces the user to the BASIC language.

Related Publication:

IBM BASIC Reference Manual
SA21-9308.

Manual, 12/77

SA21-9307 IBM 5110 BASIC User's Guide

This manual is intended for the users of the 5110 computer with the BASIC language. It describes the concepts of using the 5110 with BASIC.

Prerequisite Publication:

IBM 5110 BASIC Introduction
SA21-9306.

Related Publication:

IBM 5110 BASIC Reference
Manual, SA21-9308.

Manual, 12/77

SA21-9308 IBM 5110 BASIC Reference Manual

This manual describes the 5110 computer and its BASIC programming capability.
Manual, 1/78

SA21-9310 IBM 5110 Print/Plot BASIC User's Manual, 5721-DC1

This manual is intended for users of the IBM Print Plot/BASIC Problem Solver Library. It describes the mechanics of using the Print Plot/BASIC Problem Solver Library with the BASIC language. The user must know how to operate the 5110 and be familiar with the BASIC language.
Manual, 1/78

SA21-9311 IBM 5110 Customer Support Functions Reference Manual

This manual is intended for users of the 5110 computer who know how to operate their system and want to use

the customer support functions. The sort feature is also described.
Manual, 12/77

SA21-9312 IBM 5110 Serial I/O Adapter Feature User's Manual

This manual is intended for users of the 5110 computer with the Serial I/O Adapter Feature. The user must know how to operate the 5110 using either the APL or the BASIC language, and be familiar with the I/O device.
Manual, 10/77

SA21-9313 IBM 5110 Parallel I/O Adapter Feature User's Manual

This manual explains the relationship between the IBM 5110 Parallel I/O Adapter Feature and the APL and BASIC languages that are used in programming the 5110. The implementation of the IEEE Standard 488-1975 by the feature is described, as is the operation of the adapter.
Manual, 1/78

SA21-9314 IBM 5110 Asynchronous Communications Feature User's Manual

This manual contains the operating instructions and reference information for the 5110 Asynchronous Communications Feature.
Manual, 1/78

SA21-9316 IBM 5110 Binary Synchronous Communications Feature User's Manual

This manual is intended for the operator/programmer of the 5110 computer with the Binary Synchronous Feature. It describes the use of the feature and how to program with APL or BASIC for use with the feature. Information is also provided for planning, setting up, and checking out the feature.
Manual, 6/78

SA21-9318 IBM 5110 Computing System
Setup Procedure

This manual is intended for users of the 5110 computer who will set up the units for operation. It describes the procedures to set up the IBM 5110 Computing System. Manual, 11/77

SA21-9335 IBM 5110 Asynchronous Communications ASCII RPQ User's Manual (RPQ GK0273)

This manual explains how to operate the IBM 5110 Model 1 and the IBM 5110 Model 2 Computers with the Asynchronous Communications ASCII RPQ GK0273 installed. The user should know how to operate the 5110 using the APL or BASIC language, and should be familiar with communications concepts and terminal operations. Manual, 9/78

GA21-9383 IBM 5110 Operator's Guide

This manual is intended for the operator of the 5110 computer. It describes data entry, problem determination, correction of errors, use of commands, tape cartridge or diskette, and the 5103 Printer. Manual, 10/78

GA34-0130 IBM 5120 Computing System General Information and Site Preparation Manual

This manual introduces the 5120; it is intended for executives and supervisory personnel who want a summarized description of the 5120 and how it meets the information processing requirements of a larger company. A glossary defines the data processing terms introduced in the manual. Manual, 12/79

SA34-0131 IBM 5120 Computing System Setup Procedure

This manual is intended to be used when installing and

checking out the IBM 5120 Computing System. Manual, 1/80

GA34-0132 IBM 5120 Computing System Operators Guide

This manual is intended for those persons who will be operating the 5120 Computing System; prerequisites: depending upon which language will be used: IBM 5110 Basic Introduction, SA21-9306 or IBM 5110 APL Introduction, SA21-9301. Manual, 12/79

GB30-0340 IBM Distribution Industry Data Definitions

This manual consolidates data definitions and attributes common to the distribution industries. It contains a KWIC index followed by data definitions. Manual, 5/78

GB30-0400 IBM 5120 Computing System Getting Ready

This manual contains the basic information required by the customer to get the IBM 5120 Computing System operational. It covers the selection of applications, the scheduling and training of operators, the ordering of supplies, and the receiving and setting up of the 5120. Manual, 2/80

SB30-0403 IBM 5120 Payroll Getting Ready Binder, 5721-XB2

This binder contains Getting Ready (SB30-0404), Payroll Reports and Information (SB30-0405), and Payroll Planner (SB30-0406). The binder contains all the information necessary for the customer to prepare the business for the IBM 5120 Payroll application. Binder, 2/80

SB30-0404 IBM 5120 Payroll Getting Ready, 5721-XB2

This publication helps the customer computerize the payroll operation on the IBM 5120 Computing System. It covers getting ready for the Payroll application, designing time cards, ordering supplies, designing W-2 and 941A forms, filling in data worksheets, setting up operations, and conducting a parallel run. Manual, 2/80

SB30-0408 IBM 5120 Payroll Operator Training, 5721-XB2

This publication and the operator training cassettes (SV30-0231) comprise the operator training course for the IBM 5120 Payroll application. The course covers making entries, printing reports, processing payroll, and making the transition to the job. After completing the several hour course, the operator can run the IBM 5120 Payroll application. Manual, 2/80

SB30-0405 IBM 5120 Payroll Reports and Information, 5721-XB2

This publication helps the customer prepare, handle, and analyze payroll information and reports produced by the IBM 5120 Payroll application. It covers accounting and management controls, the payroll cycle, deduction registers, control reports, summary reports, and payroll employee profiles.

SB30-0409 IBM 5120 Payroll Ready Reference, 5721-XB2

This publication is a quick-reference guide for operators who are using the IBM 5120 Payroll application. It covers entering time cards, file maintenance, initializing diskettes, making backup diskettes, and recovering from errors. Manual, 2/80

SB30-0406 IBM 5120 Payroll Planner, 5721-XB2

This publication is a tool for the customer to use in scheduling and planning for the IBM 5120 Payroll application. It lists specific tasks in order; also there is a calendar in which the customer can write dates. Manual, 2/80

SB30-0410 IBM 5120 General Ledger Getting Ready Binder, 5721-XB6

This binder contains Getting Ready (SB30-0411), Reports and Information (SB30-0412), and Planner (SB30-0413) for General Ledger; it contains all the information necessary for the customer to prepare their business for the IBM 5120 General Ledger application. Binder, 2/80

SB30-0407 IBM 5120 Payroll Operator Training Binder, 5721-XB2

This binder contains the operator training diskettes (SV30-0231), Payroll Operator Training (SB30-0408), and Payroll Ready Reference (SB30-0409). The binder contains all information necessary for the operator to learn and run the IBM 5120 Payroll application. Binder, 2/80

SB30-0411 IBM 5120 General Ledger Getting Ready, 5721-XB6

This publication helps the customer computerize the general ledger operation on the 5120; it covers getting ready for the application, choosing options, gathering and entering data, setting up operations, and conducting a parallel run. Manual, 3/80

SB30-0412 IBM 5120 General Ledger
Reports and Information
5721-XB6

This publication helps the customer prepare, handle, and analyze general ledger information and reports produced by the IBM 5120 General Ledger application. Manual, 3/80

SB30-0413 IBM 5120 General Ledger
Planner, 5721-XB6

This publication is a tool for the customer to use in planning and scheduling for the IBM 5120 General Ledger application; it lists specific tasks in the order to be scheduled. Also, there is a corresponding calendar in which the customer can write dates. Wall chart, 3/80

SB30-0414 IBM 5120 General Ledger
Operator Training Binder,
5721-XB6

This binder contains the operator training cassettes (SV30-0232), Operator Training (SB30-0415), and Ready Reference (SB30-0416) for General Ledger. The binder contains all information needed by the operator to learn and run the IBM 5120 General Ledger application. Binder, 3/80

SB30-0415 IBM 5120 General Ledger
Operator Training, 5721-XB6

This publication and the Operator Training Cassettes (SV30-0232) comprise the self-study operator training course for the IBM 5120 General Ledger application. The course covers setting up files, entering transactions, printing reports, and making the transition to the job; on completion the operator can run the application. Manual, 3/80

SB30-0416 IBM 5120 General Ledger
Ready Reference, 5721-XB6

This publication is a quick-reference guide for operators using the IBM 5120 General Ledger application. It covers entering company information, chart of accounts, file maintenance, entering transactions, interfacing with other applications, initializing diskettes, making backup diskettes, and recovering from errors. Manual, 3/80

SB30-0417 IBM 5120 Inventory Reporting
Getting Ready Binder,
5721-XB5

The binder contains Getting Ready (SB30-0418), Reports and Information (SB30-0419), and Planner (SB30-0420) for Inventory Reporting. The binder contains all the information necessary for the customer to prepare the business for the IBM 5120 Inventory Reporting application. Binder, 3/80

SB30-0418 IBM 5120 Inventory Reporting
Getting Ready, 5721-XB5

This publication helps the customer computerize inventory reporting on the IBM 5120 Computing System. It covers getting ready for the application, choosing options, gathering and entering data, setting up operations, and conducting a parallel run. Manual, 3/80

SB30-0419 IBM 5120 Inventory Reporting
Reports and Information,
5721-XB5

This publication helps the customer prepare, handle, analyze inventory reporting information produced by the IBM 5120 Inventory Reporting application. Manual, 3/80

SB30-0420 IBM 5120 Inventory Reporting Planner, 5721-XB5

This publication is a tool for the customer to use in planning and scheduling for the IBM 5120 I/R application; it lists specific tasks in the order to be scheduled. Also, there is a corresponding calendar in which the customer can write dates.

Manual, 3/80

SB30-0424 IBM 5120 Accounts Payable Getting Ready, 5721-XB3

This binder contains Getting Ready (SB30-0425), Reports and Information (SB30-0426), Planner (SB30-0427) for the IBM 5120 A/P application. The binder contains all the information necessary for the customer to prepare the business for the IBM 5120 Accounts Payable application.

Binder, 3/80

SB30-0421 IBM 5120 Inventory Reporting Operator Training Binder, 5721-XB5

This binder contains the operator training cassettes (SV30-0233), Operator Training (SB30-0422), and Ready Reference (SB30-0423) for Inventory Reporting. The binder contains all the information necessary for the operator to learn and run the IBM 5120 Inventory Reporting application.

Manual, 3/80

SB30-0425 IBM 5120 Accounts Payable Getting Ready, 5721-XB3

This publication helps the customer computerize the accounts payable operation for the 5120. It covers getting ready for the application, scheduling activities, obtaining supplies, training operators, entering data, setting up operations, designing forms, and conducting a parallel run.

Manual, 3/80

SB30-0422 IBM 5120 Inventory Reporting Operator Training, 5721-XB5

This publication and the operator training cassettes (SV30-0233) comprise the self-study operator training course for the I/R application. The course covers entering inventory transactions, updating files, backing up data, printing reports, and making the transition to the job.

Manual, 3/80

SB30-0426 IBM 5120 Accounts Payable Reports and Information, 5721-XB3

This publication helps the customer prepare, handle, and analyze accounts payable information and reports produced by the 5120 A/P application. It covers accounting and management controls, the entering of transaction data, vendor reports, and the printouts obtained on the system.

Manual, 3/80

SB30-0423 IBM 5120 Inventory Reporting Ready Reference, 5721-XB5

This publication is a quick-reference guide for operators who are using the IBM 5120 Inventory Reporting application. It covers using screens and fields, initializing diskettes, making backup diskettes, and recovering from errors.

Manual, 3/80

SB30-0427 IBM 5120 Accounts Payable Planner, 5721-XB3

This publication is a tool for the customer to use in planning and scheduling for the IBM 5120 Accounts Payable application. It lists specific tasks in order; also, there is a corresponding calendar in which the customer can write dates.

Wall chart, 3/80

SB30-0428 IBM 5120 Accounts Payable
Operator Training Binder,
5721-XB3

This binder contains the operator training cassettes (SV30-0234), Operator Training (SB30-0431), Ready Reference (SB30-0432) for the A.P. application. The binder contains all the information necessary for the operator to learn and run the 5120 A/P application Binder, 3/80

SB30-0429 IBM 5120 Accounts Payable
Operator Training, 5721-XB3

This publication and the operator training cassettes (SV30-0234) compose the self study operator training course for the Accounts Payable application; the course covers tailoring your system and preparing/updating vendor files, running the trial balance, entering/processing transactions, making adjustments, printing reports. Manual, 3/80

SB30-0430 IBM 5120 Accounts Payable
Ready Reference, 5721-XB3

This publication is a quick-reference guide for operators using the A/P application. It covers initializing diskettes, making backup diskettes, installing Accounts Payable, entering and processing transactions, and recovering from errors. Manual, 3/80

SB30-0431 IBM 5120 Accounts Receivable
Getting Ready Binder,
5721-XB4

This binder contains Getting Ready (SB30-0432), Reports and Information (SB30-0433), and Planner (SB30-0434). It contains all the information necessary for the customer to prepare the business for the IBM 5120 A/R application Binder, 3/80

SB30-0432 IBM 5120 Accounts Receivable
Getting Ready, 5721-XB4

This publication helps the customer computerize the accounts receivable operation on the 5120. It covers getting ready for the A/R application, scheduling activities, ordering supplies, training operators, entering data into the computer, setting up operations, and conducting a parallel run. Manual, 3/80

SB30-0433 IBM 5120 Accounts Receivable
Reports and Information,
5721-XB4

This publication helps the customer prepare, handle, and analyze accounts receivable information and reports produced by the 5120 A/R application. It covers accounting and management controls, transaction lists and registers, customer statements, account status reports, and how to calculate late charges. Manual, 3/80

SB30-0434 IBM 5120 Accounts Receivable
Planner, 5721-XB4

This publication is a tool for the customer in planning a schedule for the 5120 A/R application. It lists specific tasks in order; also, there is a corresponding calendar in which the customer can write dates. Wall chart, 3/80

SB30-0435 IBM 5120 Accounts Receivable
Operator Training Binder,
5721-XB4

This binder contains the operator training diskettes (SV30-0235), Operator Training (SB30-0435), and Ready Reference (SB30-0436) for the 5120 A/R application. The binder contains all information necessary for the operator to learn and run the 5120 A/R application. Binder, 3/80

SB30-0436 IBM 5120 Accounts Receivable
Operator Training, 5721-XB4

This publication and the operator training cassettes (SV30-0235) comprise the self-study operator training course for the 5120 A/R application. The course covers setting up files, processing transactions, printing reports, and making the transition to the job. After the several hour course, the operator can run the 5120 A/R application. Manual, 3/80

SB30-0437 IBM 5120 Accounts Receivable
Ready Reference, 5721-XB4

This publication is a quick-reference guide for operators using the 5120 A/R application. It covers initializing diskettes, making backup diskettes, preparing and maintaining files, entering transactions, printing reports, and recovering from errors. Manual, 3/80

SB30-0438 IBM 5120 Billing Getting
Ready Binder, 5721-XB1

This binder contains Getting Ready (SB30-0439), Reports and Information (SB30-0440), and Planner (SB30-0441) for the Billing application. It contains all information necessary for the customer to prepare the business for the IBM 5120 Billing application. Binder, 3/80

SB30-0439 IBM 5120 Billing Getting
Ready, 5721-XB1

This publication helps the customer computerize the billing operation on the 5120; it covers getting ready for the Billing application, designing invoices, ordering supplies, filling in tailoring forms, setting up operations, and conducting a parallel run. Manual, 4/80

SB30-0440 IBM 5120 Billing Reports
and Information, 5721-XB1

This publication helps the customer prepare, handle, and analyze billing information and reports produced by the 5120 Billing application. It covers accounting and management controls, the billing cycle, control reports, summary reports, and invoices. Manual, 4/80

SB30-0441 IBM 5120 Billing Planner,
5721-XB1

This wall chart is a tool for the customer to use in planning and scheduling for the IBM 5120 Billing application. It lists specific tasks in order; also, there is a corresponding calendar in which the customer can write dates. Wall chart, 4/80

SB30-0442 IBM 5120 Billing Operator
Training Binder, 5721-XB1

This binder contains the operator training workbook (SB30-0443), the Ready Reference Guide (SB30-0444), and the Operator Training Cassettes (SV30-0236) for Billing; it contains all the necessary information for the operator to learn and run the 5120 Billing application. Binder, 4/80

SB30-0443 IBM 5120 Billing Operator
Training, 5721-XB1

This publication and the Operator Training Diskettes (SV30-0236) comprise the operator training course for the 5120 Billing application; the course covers making entries, printing reports, processing billing, and making the transition to the job. After completing the several hour course, the operator can run the 5120 Billing application. Manual, 4/80

SB30-0444 IBM 5120 Billing Ready
Reference, 5721-XB1

This publication is a quick-reference guide for operators using the 5120 Billing application; it covers entering orders, initializing diskettes, making backup diskettes, and recovering from errors.
Manual, 4/80

Comprehensive Construction
Payroll/Job Costing,
5796-NQB

This announcement flyer is
intended for the IBM cust-
omer/prospect. It describes
the IUP offering. The topics
contained are:

- System description
- Highlights
- Operating environment
- Customer installation tasks
- Modifications
- Ordering information

Flyer, 8/78

GB30-1130 IBM 5110 Computing System
Comprehensive Construction
Payroll/Job Costing Program
Desc/Ops Man, 5796-NQB

This IUP manual is intended
to be used as a system de-
scription and an installa-
tion/operations reference
document. It describes the
capabilities, design assump-
tions, and potential modifi-
cation areas of the IUP
program.
Manual, 8/78

GB30-1131 IBM 5110 Computing System
Comprehensive Construction
Payroll/Job Costing Report
Brochure, 5796-NQB

This report brochure is
intended for the potential
user of this IUP. It des-
cribes the various reports
generated by the IUP.
Brochure, 8/78

GB30-1151 IBM 5110 Computing System
Accounts Receivable,
5798-NPN

This announcement flyer is
intended for the IBM cust-
omer/prospect. It describes
the FDP offering. The topics
contained are:

- System description
- Highlights
- Operating environment
- Customer installation tasks
- Modifications
- Ordering information

Flyer, 9/78

SB30-1152 IBM 5110 Computing System
Accounts Receivable Program
Description/Operations
Manual, 5798-NPN

This FDP manual is intended
to be used as a system de-
scription and an installa-
tions/operations reference
document. It describes the
capabilities, design assump-
tions, and potential modifi-
cation areas of the FDP
program.
Manual, 9/78

GB30-1153 IBM 5110 Computing System
BASIC Text Editor, 5798-NPT

This announcement flyer is intended for the IBM customer/prospect. It describes the FDP offering. The topics contained are:

- System description
- Highlights
- Operating environment
- Customer installation tasks
- Modifications
- Ordering information

Flyer, 3/79

GB30-1202 IBM 5110 Optical Mark Reader
Support, 5798-NRC

This announcement flyer is intended for the IBM customer/prospect. It describes the FDP offering. The topics contained are:

- System description
- Highlights
- Operating environment
- Customer installation tasks
- Modifications
- Ordering information

Flyer, 6/78

SB30-1154 IBM 5110 Computing System
BASIC Text Editor Program
Description/Operations
Manual, 5798-NPT

This FDP manual is intended to be used as a system description and an installation/operations reference document. It describes the capabilities, design assumptions, and potential modification areas of the FDP program.
Manual, 3/79

SB30-1203 IBM 5110 Optical Mark Reader
Support Program Description/
Operations Manual, 5798-NRC

This FDP manual is intended to be used as a system description and an installation/operations reference document. It describes the capabilities, design assumptions, and potential modification areas of the FDP program.
Manual, 7/78

GB30-1180 IBM 5110 Linear Programming-
Meat Blending System,
5798-NQQ

This announcement flyer is intended for the IBM customer/prospect. It describes the FDP offering. The topics contained are:

- System description
- Highlights
- Operating environment
- Customer installation tasks
- Modifications
- Ordering information

Flyer, 6/78

GB30-1205 IBM 5110 Computing System
Computing for an Accounting
Practice, 5798-NRE

This announcement flyer is intended for the IBM customer/prospect. It describes the FDP offering. The topics contained are:

- System description
- Highlights
- Operating environment
- Customer installation tasks
- Modifications
- Ordering information

Flyer, 5/78

SB30-1181 IBM 5110 Linear Programming-
Meat Blending System Program
Description/Operations
Manual, 5798-NQQ

This FDP manual is intended to be used as a system description and an installation/operations reference document. It describes the capabilities, design assumptions, and potential modification areas of the FDP program.
Manual, 6/78

SB30-1206 IBM 5110 Computing System
Computing for an Accounting
Practice Program Description
/Operations Manual, 5798-NRE

This FDP manual is intended to be used as a system description and an installation/operations reference document. It describes the capabilities, design assumptions, and potential modification areas of the FDP program.
Manual, 11/78

GB30-1241 IBM 5110 Computing System
Fixed Asset Accounting and
Control System, 5798-NWA

This announcement flyer is
intended for the IBM custom-
er/prospect. It describes
the FDP offering. The topics
contained are:

- System description
- Highlights
- Operating environment
- Customer installation tasks
- Modifications
- Ordering information

Flyer, 11/78

SB30-1242 IBM 5110 Computing System
Fixed Asset Accounting and
Control System Program Desc/
Operations Manual, 5798-NWA

This FDP manual is intended
to be used as a system de-
scription and an installa-
tion/operations reference
document. It describes the
capabilities, design assump-
tions, and potential modifi-
cation areas of the FDP
program.
Manual, 12/78

GB30-1243 IBM 5110 Computing System
Fixed Asset Accounting and
Control System Report
Brochure, 5798-NWA

This report brochure is
intended for the potential
user of this FDP. It de-
scribes the various reports
generated by the FDP.
Brochure, 1/79

GB30-1244 IBM 5110 Computing System
Business Report/Application
Development System (BRADS),
5798-NPL

This card provides quick
access to some of the refer-
ence information that you
require to use BRADS.
8-1/2 X 5-3/8 inch card
Card, 8/78

SB30-1249 IBM 5110 Computing System
General Ledger Special
Operations Manual, 5798-NPH

This manual describes the
features and procedures of
the General Ledger FDP that
are optional and considered
for special operations only.
Manual, 9/78

GB30-1263 IBM 5110 Computing System
for Insurance Agents and
Brokers, 5798-NTW

This announcement flyer is
intended for the IBM custom-
er/prospect. It describes
the FDP offering. The topics
contained are:

- System description
- Highlights
- Operating environment
- Customer installation tasks
- Modifications
- Ordering information

Flyer, 12/78

SB30-1265 IBM 5110 Computing System
for Insurance Agents and
Brokers General Information
Manual, 5798-NTW

This FDP manual describes
the capabilities of the
system and the programs. A
glossary of terms used in
the documentation is provid-
ed. Operating instructions,
input, and expected output
for sample problems are
included.
Manual, 2/79

SB30-1266 IBM 5110 Computing System
for Insurance Agents and
Brokers Installation and
Operation Guide, 5798-NTW

This FDP manual is intended
to provide information nec-
essary to implement the sys-
tem functions in an agency
or brokerage. It describes
the system's numbering and
coding schemes, details the
requirements for data entry
and conversion to the system
and provides run sheets for
each function. A descrip-
tion of each report is
provided.
Manual, 2/79

SB30-1267 IBM 5110 Computing System for Insurance Agents and Brokers System Manual, 5798-NTW

This FDP manual is to be used for design modifications by the systems analyst or programmer.
Manual, 2/79

GB30-1268 IBM 5110 Doctors Office Management System, 5796-NTX

This announcement flyer is intended for the IBM customer/prospect. It describes the IUP offering. The topics contained are:

- System description
- Highlights
- Operating environment
- Customer installation tasks
- Modifications
- Ordering information

Flyer, 11/78

GB30-1277 IBM 5110 Computing System Business Report/Application Development System (BRADS) Report Brochure, 5798-NPL

This report brochure is intended for the potential user of this FDP. It describes the various reports generated by the FDP.
Brochure, 11/78

GB30-1283 IBM 5110 Computing System Computing for an Accounting Practice Report Brochure, 5798-NRE

This report brochure is intended for the potential user of this FDP. It describes the various reports generated by the FDP.
Brochure, 1/79

SB30-1342 IBM 5110 Computing System Business Report/Application Development System (BRADSII) PDOM, 5798-NXT

This manual describes system capabilities, installation, usage and modification. System concepts and an extensive sample problem are included to teach inexperienced users how to use the system effectively. This manual is intended for all users of the system and is both a system tutorial and an operations and reference guide.
Manual, 6/79

GB30-1368 IBM 5110 Computing System Business Report/Application Development System II (BRADS II) Reference Summary Card

This card is intended for use with the BRADS II FDP program. It contains a quick reference for BRADS II commands, command parameters and action codes.
Card, 9/79

GB30-1412 IBM 5120 BRADS II SPREAD Sheet Generator Licensed Specifications, 5721-XB7

This brochure is intended for IBM marketing and customer prospects; it describes the operating environment for the above product. The program is an extension of the 5110 BRADS II. SPREAD provides a capability to produce spread-sheet-type reports - a form used in financial planning, budgeting, forecasting, income statements, etc.
Brochure, 1/80

SB30-1413 IBM 5120 BRADS II SPREAD
Sheet Generator Program
Description/Operations
Manual, 5721-XB7

The audience is the user/
operator of the program; it
contains installation and
operation information. The
program is an extension to
the 5110 BRADS II. SPREAD
provides a capability to
produce spread-sheet-type
reports - typically used in
planning, budgeting, fore-
casting, income statements.
Manual, 1/80

GB30-2502 IBM 5120 General Ledger
Licensed Program Design
Objective, 5721-XB6

The audience for this flyer
is prospective customers and
IBM marketing; it provides
information on the program
objectives, the operating
environment, and the estima-
ted availability date of the
program.
Flyer, 1/80

GB30-2503 IBM 5120 Accounts Payable
Licensed Program Design
Objective, 5721-XB3

The audience for this flyer
is prospective customers and
IBM marketing. It provides
information on the program
objectives, the operating
environment, and the esti-
mated availability of the
program.
Flyer, 1/80

GB30-2504 IBM 5120 Payroll Licensed
Program Design Objective,
5721-XB2

The audience for this flyer
is prospective customers and
IBM marketing. It provides
information on the program
objectives, the operating
environment, and the esti-
mated availability date of
the program.
Flyer, 1/80

GB30-2505 IBM 5120 Billing Licensed
Program Specifications,
5721-XB1

The purpose of this flyer
to serve as the basis for
the warranty for licensed
programs that are warranted;
the specifications will pro-
vide information on the
warranted functions of the
licensed program and state
the specified operating
environment.
Flyer, 3/80

GB30-2506 IBM 5120 Inventory Reporting
Licensed Program Design
Objective, 5721-XB5

The audience for this flyer
is prospective customers and
IBM marketing. It provides
information on the program
objectives, the operating
environment, and the esti-
mated availability date of
the program.
Flyer, 1/80

GB30-2507 IBM 5120 Accounts Receivable
Licensed Program Design
Objective, 5721-XB4

The audience for this flyer is prospective customers and IBM marketing. It provides information on the program objectives, the operating environment, and the estimated availability date of the program.
Flyer, 1/80

GB30-2508 IBM 5120 Payroll Licensed
Program Specifications,
5721-XB2

The audience for this flyer is prospective customers and IBM marketing. It provides information on the program requirements, the operating environment, and the availability date of the program.
Flyer, 2/80

GB30-2509 IBM 5120 General Ledger
Licensed Program
Specifications, 5721-XB6

The purpose of this flyer to serve as the basis for the warranty for licensed programs that are warranted; the specifications will provide information on the warranted functions of the licensed program and state the specified operating environment.
Flyer, 3/80

GB30-2510 IBM 5120 Accounts Payable
Licensed Program
Specifications, 5721-XB3

The purpose of this flyer is to serve as the basis for the warranty for licensed programs that are warranted; the specifications will provide information on the warranted functions of the licensed program and state the specified operating environment.
Flyer, 3/80

GB30-2512 IBM 5120 Inventory Reporting
Licensed Program
Specifications, 5721-XB5

The purpose of this flyer to serve as the basis for the warranty for licensed programs that are warranted. the specifications will provide information on the warranted functions of the licensed program and state the specified operating environment.
Flyer, 3/80

GB30-2513 IBM 5120 Accounts Receivable
Licensed Program
Specifications, 5721-XB4

The purpose of this flyer to serve as the basis for the warranty for licensed programs that are warranted; the specifications will provide information on the warranted functions of the licensed program and state the specified operating environment.
Flyer, 3/80

LB30-2515 IBM 5120 Accounts Receivable
Program Detail Manual,
5721-XB4

This book is designed to complement the Accounts Receivable library of books to enable a data processing professional to assess the desirability of making program modifications. Record and file layouts are described; processing procedures are specified. Manual, 5/80

LB30-2516 IBM 5120 Payroll
Program Detail Manual,
5721-XB2

This manual is designed to complement the Payroll library of books in such a way that a data processing professional can access the desired programs to make modifications. Record and file layouts are described and processing procedures specified. Manual, 7/80

LB30-2517 IBM 5120 General Ledger
Program Detail Manual,
5721-XB6

This manual is designed to complement the General Ledger library of books in such a way that a data processing professional can access the desired programs to make modifications. Record and file layouts are described and processing procedures specified. Manual, 6/80

LB30-2518 IBM 5120 Accounts Payable
Program Detail Manual,
5721-XB5

This book is designed to complement the Accounts Payable library of books to enable a data processing professional to assess the desirability of making program modifications; record and file layouts are

described; processing procedures are specified. Manual, 5/80

LB30-2520 IBM 5120 Inventory Reporting
Program Detail Manual,
5721-XB3

This book is designed to complement the Inventory Reporting library of books to enable a data processing professional to assess the desirability of making program modifications; record and file layouts are described; processing procedures are specified. Manual, 5/80

SB30-2530 IBM 5120 Preparing Business
Reports - a BRADS II Guide

This guide introduces you to computers, the IBM 5120, BRADS II, and fundamental data processing concepts. The book teaches you how to start up the system and run two applications - a telephone directory and sales accounting; you learn how to initialize and copy a diskette plus many other BRADS II functions. Manual, 1/80

GC21-5169 Data Communications Concepts

This manual is intended for persons planning or using a data communication system with IBM General Systems Division products. It contains general information about data communications. Manual, 5/77

GC21-5205 Small Systems Solutions: An
Introduction to Business
Computing

This manual is intended to give the chief executive of a small- or medium-sized business some basic facts that can be used to make a decision on acquiring a small business computer. Manual, 12/78

GE30-0004 Public Utility Customer Information Subsystem Application Guide

This manual is intended to be used by customers, prospects, and IBM personnel. It describes the general design of a Customer Information Subsystem (CIS). The design is applicable to public or private utilities that provide gas, electric, water, sewer, or multiple services.

Manual, 6/78

SH30-0702 IBM 5110 Business Analysis/BASIC User's Guide, 5721-DC5

This manual and associated programs help you prepare and analyze financial plans and investment alternatives. You interact with your 5110 computer to do Spread Sheet, Investment Analysis, Break Even Analysis, Time Series Analysis, Depreciation Analysis, Time Series Analysis, and Graphic Presentation.

Manual, 2/78

SH30-0703 IBM 5110 Math/BASIC User's Guide, 5721-DC6

This manual and associated programs help you address frequently encountered mathematical problems in engineering, science, and related fields. There are 43 interactive routines you can use to solve problems.

Manual, 2/78

SH30-0704 IBM 5110 Stat/BASIC User's Guide, 5721-DC7

This manual and associated programs help statisticians, engineers, researchers, and business analysts solve these problems:

- Elementary Statistics
- Regression and Correlation
- Multivariate Analysis
- Analysis of Variance
- Nonparametric Statistics
- Time Series Analysis
- Biostatistics

Manual, 2/78

GR30-0308 Introduction to Computer Systems

This self-study manual provides basic knowledge of computers and programming to the student and contains problems and solutions to test these skills.

Manual, 2/78

SR30-0310 Introduction to Programming the IBM 5110 in BASIC

This manual is intended to teach the user to program the 5110 computer using the BASIC language, and how to interpret logic flowcharts. It contains examples and exercises to be run on the 5110.

Prerequisite Publications:
IBM 5110 BASIC Introduction
SA21-9306.
Introduction to Computer
Systems, SA21-9306.

Manual, 4/78

SR30-0311 Introduction to Programming the IBM 5110 Computer System in APL

This course is recommended for programmers who have completed the reading of IBM 5110 APL Introduction SA21-9301. It is designed to further the user's knowledge of the IBM 5110 and the APL language.

Manual, 2/78

SR30-0586 Introduction to Programming the IBM 5120 Computer System in BASIC

This self-study book is designed to teach how to write programs for the 5120 using BASIC; it contains instructional text, exercises, and examples; it is intended to be used with 5110 BASIC reference manuals. The exercises are to be run on an IBM 5120.

Manual, 2/80

SR30-0587 Introduction to Programming the IBM 5120 Computer System in APL

This self-study is intended to teach how to write programs for the IBM 5120 using APL; it contains instructional text, exercises, and examples. It is intended to be used with the 5110 APL reference library; exercises are designed to be run on the IBM 5120. Manual, 2/80

SV30-0231 IBM 5120 Payroll Operator Training Cassettes

These cassettes and the Payroll Operator Training Workbook (SB30-0408) comprise the operator training course for the 5120 Payroll application. The course covers making entries, printing reports, processing payroll, and making the transition to the job; after the several hour course, the operator can run the 5120 Payroll program. Cassettes, 2/80

SV30-0232 IBM 5120 General Ledger Operator Training Cassettes

These audio cassettes and the General Ledger Operator Training (SB30-0415) comprise the self-study operator training course for the 5120 G/L application. The course covers setting up files, entering transactions, printing reports, and making the transition to the job. On completion, the operator can run the 5120. Cassettes, 2/80

SV30-0233 IBM 5120 Inventory Reporting Operator Training Cassettes

These audio cassettes and the Inventory Reporting Operator Training workbook (SB30-0422) comprise the self-study course for the I/R application; the course covers entering inventory

transactions, updating files, backing up data, printing reports, and making the transition to the job. On completion the operator can run the application. Cassettes, 3/80

SV30-0234 IBM 5120 Accounts Payable Operator Training Cassettes

These audio cassettes and the Accounts Payable Operator Training workbook (SB30-0429) comprise the self-study course for the 5120 A/P application. The course covers tailoring your system, preparing and updating vendor files, running the trail balance, entering and processing transactions, making adjustments, printing reports. Cassettes, 3/80

SV30-0235 IBM 5120 Accounts Receivable Operator Training Cassettes

These audio cassettes and the Accounts Receivable Operator Training workbook (SB30-0436) comprise the self-study for the A/R application; the course covers setting up files, processing transactions, printing reports, and making the transition to the job. On completion, the operator can run the application. Cassettes, 3/80

SV30-0236 IBM 5120 Billing Operator Training Cassettes

These audio cassettes and the Billing Operator Training workbook (SB30-0443) compose the self-study operator training course for the 5120 billing application. The course covers entering and correcting orders, printing invoices and back orders, creating A/R and Inventory Reporting transactions, and making the transition to the job. Cassettes, 4/80

- GV30-0481 IBM 5110 Computing System
Color Photo 8X10
- This color photo depicts the IBM 5110 Computing System Models A21-A24, B21-B24, and C21-C24 with two 5114 Diskette Drive units and the 5103 Printer.
Photo, 1/78
- GV30-0482 IBM 5110 Computing System
Color Photo 8X10
- This color photo depicts the IBM 5110 Computing System Models A11-A14, B11-B14, and C11-C14 with one 5114 Diskette Drive unit, the 5106 Auxiliary Tape Unit, and the 5103 Printer.
Photo, 1/78
- GV30-0483 IBM 5110 Computing System
Color Photo 8X10
- This color photo depicts the IBM 5110 Computing System Models A11-A14, B11-B14, and C11-C14 with two 5114 Diskette Drive units and the 5103 Printer.
Photo, 1/78
- GX21-9304 IBM 5110 APL Reference Card
- This reference card contains descriptive information about the APL language. It is intended for users of the IBM 5110 computer with the APL language.
Prerequisite Publication:
IBM 5110 APL Reference Manual, SA21-9303.
Card, 3-1/2 X 8-1/2", 9/77
- GX21-9309 IBM 5110 BASIC Reference Handbook
- This handbook is intended to be used with the IBM 5110 Computing System with the BASIC language. It contains the commands, statements, error codes, and miscellaneous information of the BASIC language.
Handbook, 7-3/8 X 8-1/2", 1/78
- GX21-9315 IBM 5110 Asynchronous Communications Feature Reference Card
- This card contains a brief description of the commands, command keys, and error codes that are used for 5110 Asynchronous Communications.
Card, 3-1/2 X 8-1/2", 1/78
- GX21-9329 IBM 5110 Binary Synchronous Communications Reference Card
- This card contains a brief description of program loading procedures, configuration parameters, commands, error codes, and a BSC programming sequence chart.
Card, 3-1/2 X 8-1/2", 7/78
- GX60-0067 Application Programs for the IBM 5110 Computing System and 5100 Portable Computer
- This folder provides a summary identification of applications--Program Products, Installed User Programs, Field Developed Programs, and Problem Solver Libraries--that are currently available to users of the IBM 5110 Computing System and the IBM 5100 Portable Computer.
Fan-fold reference card, 3-5/8 X 8-1/2", 9/78
- GX60-0509 5110 BRADS Report Specification Form #1 - REPORT TITLES
- This form is designed as an aid to programmers preparing reports using the IBM 5110 Business Report/Application Development System (BRADS). It is used to code the entries required to produce report heading lines in a format that is easily keyed.
Padded form, 8-1/2 X 11", U/M 025, 1/79

GX60-0510 5110 BRADS Report
Specification Form #2 -
DATA FIELD PRINT: DETAIL and
SUMMARY

This form is designed as aid to programmers preparing reports using the IBM 5110 Business Report/Application Development System (BRADS). It is used for the specifications that are required to cause detail or summary fields to print at predetermined locations on the report, including necessary editing (PIC Statements). Padded form, 8-1/2 X 11", U/M 025, 1/79

GX60-0511 5110 BRADS Report
Specification Form #3 -
SUMMARY LINE NAMES

This form is designed as an aid to programmers preparing reports using the IBM 5110 Business Report/Application Development System (BRADS). It describes the literal the user assigns to each summary level and states where it is to print. Padded form, 8-1/2 X 11", U/M 025, 1/79

GX60-0512 5110 BRADS Report
Specification Form #4 -
FILE INPUT and OUTPUT

This form is designed as an aid to programmers preparing reports using the IBM 5110 Business Report/Application Development System (BRADS). It assigns fields from input files to specific variables that are assigned to fields in output files. This form may also be used to store a constant value in a specific variable for any requirement. Padded form, 8-1/2 X 11", U/M 025, 1/79

SY31-0551 IBM 5114 Maintenance
Information Manual

This manual contains theory and maintenance information. It is to be used with the maintenance analysis procedures to diagnose failures

and repair the IBM 5114 Diskette Unit. Manual, 12/77

SY31-0592 IBM RPQ GJ2770 ECR Attach
Logic Diagram P/N 4836885
EC 836535

This logic page is intended to be used with the 5110 logics when an Electronic Cash Register (ECR) RPQ is installed on a IBM 5110 Computing System. Flyer, folded: 7-1/2 X 10", unfolded: 20 X 30", 10/78

SY34-0192 IBM 5110 Model 3 Computer
Maintenance Information
Manual

This publication is intended to be used for servicing the IBM 5110 Model 3 computer. Service personnel using this publication are assumed to have completed the IBM 5110 Model 3 computer training course. The contents include theory of operation and maintenance procedures for the processor, keyboard, display diskette units, and other features for the 5110. Manual, 12/79

SY34-0193 IBM 5120 Computing System
Logic Manual

This publication is intended to be used for servicing the IBM 5120; service personnel are assumed to have completed the 5120 training course. The contents include 20X30 inch folding logic pages showing the data flow and system logic of the 5120. Manual, 12/79

SY34-0194 IBM 5120 Computing System
Maintenance Analysis
Procedures

This publication is to be used for servicing the 5120; service personnel are assumed to have completed 5120 training course. The contents include the maintenance analysis procedures (MAPs) for the 5120. Manual, 1/80

S134-0054 IBM 5110 Model 3 Computer
Parts Catalog

This parts catalog contains listings and illustrations of all replaceable assemblies, subassemblies, and detail parts released for the IBM 5110 Model 3 computer. It is aimed at a C.E. audience.
Catalog, 12/79

G280-0064 IBM 5110 Computer Brochure
Models A11-14, B11-14,
C11-14

This brochure describes the IBM 5110 Computer and associated accessories.
Brochure, 1/78

G280-0065 IBM 5110 Computer Brochure
Models A21-24, B21-24,
C21-24

This brochure describes the IBM 5110 Computer and associated accessories.
Brochure, 1/78

G280-0066 IBM 5103 Printer Brochure
Models 11 and 12

This brochure describes the IBM 5103 Printer Models 11 and 12 as used in conjunction with the IBM 5110 Computing System.
Brochure, 1/78

G280-0067 IBM 5106 Auxiliary Tape Unit
Model 11 (Proposal Insert)

This proposal insert details the use of the IBM 5106 Auxiliary Tape Unit in conjunction with the IBM 5110 Computing System.
Flyer, 1/78

G280-0068 IBM 5114 Diskette Unit
(Proposal Insert)

This proposal insert details the use of the IBM 5114 Diskette Unit in conjunction with the IBM 5110 Computing System.
Flyer, 1/78

G280-0176 IBM 5120 Computing System
Proposal Insert

This brochure, for use in customer proposals, provides highlights of the 5120 computing system including the 5103 printer and 5114 diskette unit.
Brochure, 3/80

G280-0179 IBM 5120 Payroll Highlights,
5721-XB2

This book gives the prospect an overview of the 5120 payroll application; it briefly highlights the uses of the application, the key planning considerations, the various support materials and services, the 5120 requirements; and it presents examples of the reports produced by the application.
Manual, 6/80

G280-0180 IBM 5120 General Ledger
Highlights, 5721-XB6

This book gives the prospect an overview of the 5120 General Ledger application. It briefly highlights the uses of the application, the key planning considerations, the various support materials and services, and the 5120 requirements. It presents examples of the reports produced by the application.
Manual, 6/80

G280-0181 IBM 5120 Inventory Reporting
Highlights, 5721-XB5

This book gives the prospect an overview of the 5120 Inventory Reporting application; it briefly highlights the uses of the application, the key planning considerations, the various support materials and services, the 5120 requirements; and presents examples of the reports the application produces.
Manual

G280-0182 IBM 5120 Accounts Payable Highlights, 5721-XB3

This book gives the prospect an overview of the 5120 Accounts Payable application. It briefly highlights the uses of the application, the key planning considerations, the various support materials and services, and the 5120 requirements. It presents examples of the reports produced by the application.
Manual, 6/80

G280-0183 IBM 5120 Accounts Receivable Highlights, 5721-XB4

This book gives the prospect an overview of the 5120 A/R application; it briefly highlights the uses of the application, the key planning considerations, the various support materials and services, and the 5120 requirements; it presents examples of the reports the application produces.
Manual, 6/80

G280-0184 IBM 5120 Billing Highlights, 5721-XB1

This book gives the prospect an overview of the 5120 Billing application. It briefly highlights the uses of the application, the key planning considerations, the various support materials and services, and the 5120 requirements. It presents examples of the reports the application produces.
Manual, 6/80

G360-0638 Viewpoint Reprint - First Reports on IBM's 5110

This reprint from VIEWPOINT Magazine (Sept/Oct 78 issue) is intended for the executives of small businesses who can use the IBM 5110 Computer. The article describes applications of the IBM 5110 Computer in three businesses: a furniture

manufacturer, a bank, and a hospital.
Brochure, 10/78

G360-0649 Viewpoint Magazine - Results for Aircraft Consultant, Medical Clinic

This reprint from VIEWPOINT Magazine (Jan/Feb 79 issue), describes how an aircraft consultant and a three-doctor medical clinic are using the IBM 5110 Computer to help provide meaningful data for business decisions. Consultants and medical clinics will find the reprint of interest.
Brochure, 2/79

G360-0653 Viewpoint Reprint - Real Time for Real Estate

Three realtors talk about their small computers: a System/32, a System/34, and an IBM 5110 Computer.
Brochure, 5/79

G360-0655 Viewpoint Reprint - Menu for Restaurant Management

The management of eight restaurants gain better control through the use of an IBM 5110 Computer.
Brochure, 5/79

G360-0837 Viewpoint In Brief - IBM 5110 - Kaweah Savings & Loan

A small savings and loan association uses the IBM 5110 Computer to save time in processing loan documents
Brief, 8/78

G360-0841 Viewpoint In Brief - IBM 5110 - Bell & Beckwith

A small Ohio brokerage firm finds that the IBM 5110 Computer and the IBM 5100 Computer are not only benefiting their day-to-day operations, but are helping improve customer service.
Brief, 9/78

G360-0842 Viewpoint In Brief -
IBM 5110 - Belcher Oil Co.

An IBM 5110 Computing System localizes essential management information for a large oil distributor.
Brief, 9/78

G360-0850 Viewpoint In Brief -
IBM 5110 - American Airlines

A small computer played a key role in developing new aircraft recommendations for a major airline.
Brief, 4/79

G360-0851 Viewpoint In Brief -
IBM 5110 - APA Employment Agency

A small computer is helping a personnel agency respond quickly to requests for qualified applicants.
Brief, 4/79

G360-0852 Viewpoint In Brief -
IBM 5110 - Becton Dickinson & Company

A large manufacturer in New Jersey is finding a variety of uses for its multiple IBM 5110 Computers.
Brief, 5/79

G360-0857 Viewpoint In Brief -
IBM 5110 - Druid City Hospital

5110s are helping an Alabama hospital control inventory and manage the operation of the hospital more productively.
Brief, 9/79

G360-0861 Viewpoint In Brief -
IBM 5110 - United Technologies Corp

An IBM 5110 computer system brings a new dimension to applications development, personnel education, and local data processing operations.
Brief

G360-0867 Viewpoint In Brief -
IBM 5110 - American Academy of Dermatology

IBMs 5110 computer system and a System/34 combine to supply a full range of services to members of an international professional society.
Brief

G360-0870 Viewpoint In Brief -
IBM 5110 - Michigan Technological University

A small IBM computer helps officials at Michigan Technological University analyze costs, compare budgets, and project annual funding requirements.
Brief, 10/79

G360-0871 Viewpoint In Brief -
IBM 5110 - Texas Employers Insurance Association

The largest writer of Texas workers compensation insurance for more than 60 years uses IBMs smallest computers to keep actuarial costs low while writing more business.

G360-0872 Viewpoint In Brief -
IBM 5110 - Gordon Tire Co.

A pioneering southern California tire retailer uses IBM's smallest computer to revolutionize the productivity of his business.
Brief, 10/79

G360-0874 Viewpoint In Brief -
IBM 5110 - Shelton Battery

A battery distributor in Las Vegas finds there is money to be made without going to the strip - provided your business uses an IBM 5110 Computer System.
Brief, 11/79

G360-0878 Viewpoint In Brief -
IBM 5110 -
Clifton Ramada Inn

A little computer goes a long way in improving motel management at a New Jersey Ramada Inn.

G360-0880 Viewpoint In Brief -
IBM 5110 - L S & I Railroad

A small train company found a new way to carry millions of tons of iron ore a year more effectively. The solution? A mini-network of small IBM computers and a 3741 data entry station. Brief, 3/80

G360-0882 Viewpoint In Brief -
IBM 5110 - Hadley Industries

A New Hampshire building supply business found a fast, low-cost solution to its productivity problem at the local IBM Business Computer Center. Brief, 3/80

G360-0883 Viewpoint In Brief -
IBM 5110 - Kamo Mfg. Co.

A janitorial supply firm in Georgia is cleaning up its inventory with help from an IBM Business Computer Center. Brief, 3/80

G360-0884 Viewpoint In Brief -
IBM 5110 -
Rohrings Mens Wear

A small IBM computer using a special software package designed for retail accounting helps mens wear chain gain competitive edge. Brief, 3/80

G360-0885 Viewpoint In Brief -
IBM 5110 - Osgood Controls

An Oregon manufacturer of electronic control systems finds that a small IBM computer has given him the business control to make his company more productive. Brief, 3/80

G360-0887 Viewpoint In Brief -
IBM 5110 -
Pankow Construction

A major construction contractor has discovered that handling tough payroll problems at remote job sites is only one of the applications of the IBM 5110 computing system. Brief, 3/80

G360-0888 Viewpoint In Brief -
IBM 5110/5230 -
Garvey Pattern

An IBM 5110 computing system and an IBM 5235 Data Entry Station convert skilled workers' time into money. Brief, 4/80

G360-0889 Viewpoint In Brief -
IBM 5110 - Degrado, Inc.

A jewelry manufacturer has solved a complicated inventory control problem using a new IBM software package called BRADS II with a small IBM computer. Brief, 4/80

G360-0890 Viewpoint In Brief -
IBM 5110 - Municipal People Inc.

A small IBM computer and BRADS II software helps a small Texas firm deliver quick and efficient service to small communities. Brief, 4/80

- G360-0891 Viewpoint In Brief -
IBM 5110 - Western Maine
Forest Nursery
- A Maine nursery finds a small computer, bought through the IBM Business Computer Center, an invaluable aid for maintaining productive mailing lists. Brief, 4/80
- G580-0174 IBM 5110 Computing System
Accounts Receivable Flyer
- This promotional flyer describes the advantages to be gained in programming the IBM 5110 Computer to perform standard accounts receivable functions. Flyer, 1/78
- G360-0892 Viewpoint In Brief -
IBM 5110 - Brannon's Inc.
- A small but versatile IBM computer helps an Alabama office supplies firm meet the demands of rapid growth. Brief, 5/80
- G580-0182 IBM 5110 Computing System
Accounts Payable Flyer
- This promotional flyer describes the advantages to be gained in programming the IBM 5110 Computer to perform standard accounts payable functions. Flyer, 1/78
- G580-0171 IBM 5110 Computing System
Executive Brochure
- This promotional brochure describes the benefits and features of the IBM 5110 Computing System in a persuasive manner. The emphasis is on business applications. Brochure, 1/78
- G580-0183 IBM 5110 Computing System
Inventory Control Flyer
- This promotional flyer describes the advantages to be gained in programming the IBM 5110 Computer to perform standard inventory control functions. Flyer, 1/78
- G580-0172 IBM 5110 Computing System
Payroll Flyer
- This promotional flyer describes the advantages to be gained in programming the IBM 5110 Computer to perform standard payroll functions. Flyer, 1/78
- G580-0184 IBM 5110 Large Account Flyer
- This promotional flyer describes the features and benefits of the IBM 5110 Computing System that are especially applicable to larger firms having a need to distribute computing power to individual units of their business. It is addressed to decision makers at both headquarters and end user locations. Flyer, 1/78
- G580-0173 IBM 5110 Computing System
General Ledger Flyer
- This promotional flyer describes the advantages to be gained in programming the IBM 5110 Computer to perform standard general ledger functions. Flyer, 1/78
- G580-0196 IBM 5110 Direct Mail Flyer
- This flyer is intended for the direct mail advertising of the IBM 5110 Computing System. It may be used with the IBM 5110 Direct Mail Response Card, G580-0213. Flyer, 7/78

G580-0213 IBM 5110 Direct Mail
Response Card

This response card is intended for the direct mail advertising of the IBM 5110 Computing System. It may be imprinted with the branch office address, and is used with the IBM 5110 Direct Mail Flyer, G580-0196. Card, 7/78

G580-0214 IBM 5110 Distributed
Processing Flyer

This promotional flyer describes the benefits of distributed processing with the IBM 5110 Computer. Designed to be used with the Distributed Processing Executive Brochure G580-0177. Flyer, 8/78

G580-0233 CE Maintenance Agreement
Brochure

This brochure describes the benefits of the CE Maintenance Agreement including: the professionally trained and skilled CE; preventive maintenance; branch office communications center and dispatch facility; parts availability and replacement; local CE management and other backup resources available to the CE. Brochure, 3-1/2 X 8-1/4", 9/78

G580-0296 IBM 5120 Computing System
Executive Brochure

This four-color brochure describes the features and benefits of the 5120 in a persuasive manner; the emphasis is on controlling your business through control over information. Brochure, 2/80

G580-0297 IBM 5120 Computing System
Why IBM Brochure

A four-color promotional brochure describing to the executive the benefits of buying a small business computer from IBM, this brochure gives advantages including professional support in selecting and installing the computer, IBM program packages with user-oriented documentation, advanced technology, prompt & professional service, and supplies. Brochure, 2/80

G580-0298 IBM 5120 Computing System
Product Flyer

This four-color promotional brochure is a summary of the features and benefits of the 5120; it includes a listing of standard and optional features as well as memory sizes; it is designed to be used as a handout or direct mail flyer. Flyer

G580-0299 IBM 5120 Computing System
Software Flyer

This four-color promotional brochure describes the benefits of using IBM accounting application packages (payroll, general ledger, inventory control, accounts payable, accounts receivable, billing) with the 5120. Flyer, 2/80

G580-0310 IBM 5120 Computing System
BRADS II Flyer

A four-color promotional flyer for the small business executive describing the benefits and features of the BRADS II with the 5120 Computing System. Flyer, 2/80

G580-0312 Small Systems - Security & Safety Flyer

Flyer presents the benefits of managing assets of the security and safety function in an organization with an IBM 5110. Highlights full-function and ease-of-use features of IBM desk-top computers; outlines display screens and printouts; designed for use on sales calls, branch mailings, and business shows. Flyer, 1/80

G580-0313 Small Systems - Personnel Tracking & Control Flyer

Flyer presents the benefits of managing personnel data in an organization - with the IBM 5110. Highlights full-function and ease-of-use features for applications like reporting to government agencies, tracking job applicants, controlling recruiting techniques; outlines display screens and printouts; for mailings, sales calls, shows. Flyer, 1/80

G580-0314 Small Systems - Tool Room Control Flyer

Flyer presents the benefits of managing tool and equipment assets in a manufacturing organization - with the 5110; highlights ease-of-use features for applications like tool-room transactions, master files, tool inventory and cost data. Outlines display screens and printouts. Designed for sales calls, shows, and mailings. Flyer, 1/80

G580-0315 Small Systems - Lease/Purchase Analysis Flyer

Flyer presents the benefits of managing the analysis of

lease/purchase decisions for an organization - with a 5110. Highlights full-function and ease-of-use features such as controlling revenue data and expense transactions, editing and auditing revenue data, automating reporting tasks. Designed for sales calls, mailings, business shows. Flyer, 1/80

G580-0316 Small Systems - Asset & Property Management Flyer

Flyer presents the benefits of managing assets and property in an organization - with a 5110; highlights full function and ease-of-use features for applications like determining and tracking fixed asset values and depreciations, editing and auditing asset data, and producing reports; outlines display screens. For sales calls, mailings. Flyer, 1/80

G580-0317 Small Systems - Multi-Division Consolidation Flyer

Flyer presents the benefits of managing the consolidation of financial, revenue, expenses, and other data in a multi-division organization - with an IBM 5110. Highlights full-function and ease-of-use features for applications such as controlling, inquiring, editing and auditing. Outlines display screens and printouts. Flyer, 1/80

G580-0318 IBM 5120 Computing System BRADS II Flyer

A promotional flyer for the small business executive describing the benefits and features of the IBM BRADS II with the 5120. Flyer, 2/80

G580-0512 IBM 5110 Direct Mail Flyer -
Folded

This flyer (folded) highlights the product benefits of the IBM 5110 Computer. It can be used for mailing to all audiences and has a response card attached.
Flyer, 4/78

G580-0524 IBM 5120 Direct Mail
Response Card

A direct mail response card for the 5120 offering demonstration, seminar, and more information; the branch inserts their local address for returns.
Card

G580-0518 IBM 5110 Direct Mail Flyer -
Unfolded

This flyer (unfolded) highlights the product benefits of the IBM 5110 Computer. It can be used for mailing to all audiences and has a response card attached.
Flyer, 4/78

G580-0525 IBM 5120 Accounting
Applications Direct Mail
Flyer

This four-color flyer promotes the features and benefits of large account applications available with the 5120 Computing System, BRADS II, and the Business Planning System software. It is designed to be an inexpensive seminar handout or direct mail insert.
Flyer, 7/80
